

Zhi-Bo Li

zhi-bo.li@gu.se [Google Scholar](#) [Research Gate](#) [Web of Science](#) [ORCID](#)

EMPLOYMENT

2026.09–Now, Postdoc Researcher, Department of Earth Sciences, Uppsala University

Cooperator: [Gabriele Messori](#)

2024.09–2026.08, Postdoc Researcher, Department of Earth Sciences, University of Gothenburg

Cooperators: [Deliang Chen](#) and [Céline Heuzé](#)

2019.08–2020.08, Research Assistant, Institute of Atmospheric Physics, Chinese Academy of Sciences
Cooperator: [Wen Chen](#)

EDUCATION

2020.09–2024.06 Ph.D. Peking University (PKU)

Major: Atmospheric Science (Physical Oceanography) Advisor: [Yongyun Hu](#)

Thesis: Evolution of terrestrial aridity and monsoon over the past 250 million years

2012.09–2019.06 B.S. & M.S. Nanjing University of Information Science & Technology (NUIST)

Major: Atmospheric Science

Advisors: [Tim Li](#) and [Ying Sun](#)

M.S. Thesis: Relative roles of dynamic and thermodynamic processes in causing positive and negative global mean SST trends during the past 100 years

EDITORSHIP

2025.07– Youth Editor of *The Innovation*

2025.05–2026.07 Guest Editor of *Climate*, [Wind-speed variability from tropopause to surface](#)

2025.05–2026.07 Guest Editor of *Meteorology*, [Wind-speed variability from tropopause to surface](#)

PROJECT

1. 2026.07–2027.06: Helge Ax:son Johnsons Foundation “Extratropical cyclone clustering and extreme sea level surround the North Sea” (F26-0139). **PI, 50K SEK**

2. 2026.02–2027.01: Stiftelsen Lars Hiertas Minne “Linkage between extratropical cyclone clustering and extreme sea level surrounds the Nordic coast” (FO2025-0139). **PI, 40K SEK**

3. 2024.09–2026.08: Swedish FORMAS “Impact of climate variation and change on offshore wind energy potential” (2023-01648). Main Participant.

4. 2024.09–2025.12: Swedish FORMAS “Would the Northern European enclosure dam really protect Sweden from sea level rise?” (2020-00892). Main Participant.

5. 2020.05–2024.08: NSFC “Continental evolution and monsoon changes”. Participant.

6. 2017.12–2021.08: National Key R&D “Response and scenario prediction of East Asian climate system under global warming 1.5°C” (2017YFA0603802). Participant.

AWARD & HONORSHIP

2026 MSCA Seal of Excellence (92.4/100)

2025 Travel grant from *Climate* (400 CHF)

2022 Third Prize University’s Scholarship (@PKU)

2022 Award for Scientific Research (@PKU)

2020 Excellent Master's Thesis (@NUIST)

2018 Second Prize University’s Scholarship (@NUIST)

SCIENTIFIC MEETINGS ORGANISED

2026.05, Co-convener, [Climate and Environmental Monitoring with Near-Surface Wind Variability and Optical Sensors](#). EGU2026, Vienna

PUBLIC SCIENCE

2025, Major Review Coauthor for *C2B2 Deliverable 1.1 Baseline report: Status and trends in the marine environment, climate and human uses in Sweden*

COMMUNITY

2026.02– now MERGE (Sweden)

TEACHING

2026.02, Guest Lecturer, Master course, 2 hours, Climate Modelling, @ University of Gothenburg

2021.09–2022.01, Teaching Assistant, Bachelor and Master course, 48 hours (including 12 hours personal teaching), Weather Analysis and Forecast, @PKU

SUPERVISION

2026.08–now Co-supervisor: You Wu, PhD, Yunnan University

2025.10–now Co-supervisor: Yu-Xin Yang, M.S., Lanzhou University

2025.08–now Co-supervisor: Qi-Meng Wu, PhD, Shanghai Jiao Tong University

2024.09–2025.10 Supervisor: Jia-Ning Song, Engineer, Chinese Meteorological Bureau

2024.03–2025.06 Co-supervisor: Zi-Han Wang, B.S., Yunnan University

2023.05–2024.12 Co-supervisor: Yang Xu, B.S., Yunnan University

2022.09–2025.12 Co-supervisor: Hui-Shuang Yuan, B.S. & M.S., Yunan University
